On campouts, duty roster has been working very well.

There have been people interrupting in Patrol time, so enforcing new rule - "time out"

Webelos Woods Station: whittling chip large posters with requirements led by Ahbi and Cameron. Spear carving use pocket knives to whittle sticks into spears. November Trip

Theme is Engineering and Pioneering. The Beavers do not have everything worked out, just ideas - mousetrap or rube golding machine. Each patrol is competing. Judging will be neatness of knots, knot diversity, and neatness of whole setup. Two weeks until presentations begin. Patrick needs first two by next week. Trip at camp Ackridge, Mr. Hackman looking into it.

Shed

Has been delivered and installed along with shelves. Mr Sykora doing electrical work. After Webelos Woods, all gear gets sorted and organized between shed and trailer. PLC will attend, all QMs and as many people as possible.

Patrol tent boxes will be done next Monday night.

Poinsettia Sale

6 six guys needed on the pickup day.

Boys and Girls Club

20 minutes long time slot. Purpose is to build volunteer opportunities. Beavers section pushed until after that.

Term Goals

Moved to next PLC due to time constraints.

Comments

PLC responsibility for ideal minute relating to camping trips.

Sean McMann is going to talk to Ben Carroll for chapel.

Banana Turtles have the dinner skit and First years have lunch skit.

Connor Miller claimed to have not attended campout because he will get detention if he doesn't attend soccer game. Anonymous source said that Connor is not on the A team, for which the repercussions would be.
