Warrant officers evaluation.

1. Any complaints: none.
2. Lack of librarian is to be taken care of soon.
3. Give the quarter master a notice of needs to show up on time and can't miss any more campout so.
4. Talk to Owen Thomas so he can be taking pictures for the campout.

## Notes

- **Mr. Carroll: problem with the availability of a fire extinguisher for the proper needs we have. Suggested: have the right kind readily on a stand where people can readily get to it**

if an emergency is happening. Have it on a tripod so it is able to moved from location to location. Go over what we should do in case of a propane gas leak.

- **Mr. Spencer: The big gas tanks create a safety issue because of the mess that all the hoses connecting to the tree causes the option of switching to the small bottles.**
- **Mr. Macnamera: suggests switching to led battery operated lanterns.**
- **Charlie Sykora: do a test run with the new trash holder this weekend. Assess next Plc.**
- **Program staff: patrol holds onto the staff and make an addition with each camp out theme. The staff will be tansfered to the next patrol I charge of that camping trip of the month.**
- **Possible switch out of stick to s different one each year.**
- **Who will be the pusher for the program staff. The scouts.**
- **Ideal minute will be done by the PATROLS.**
  - Phasellus vehicula nonummy nunc.
